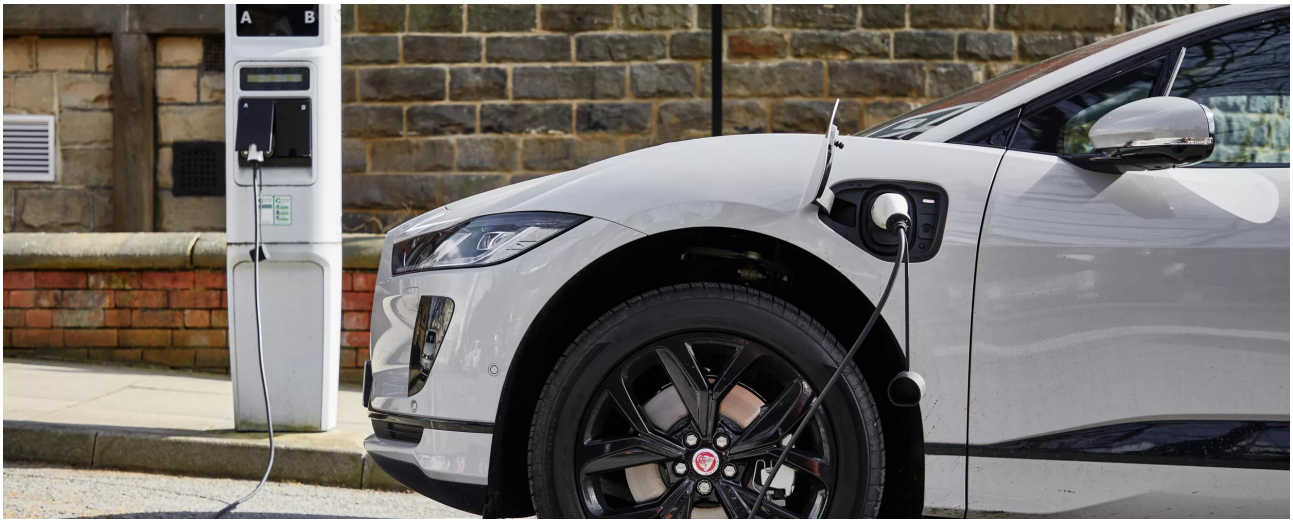
Product family datasheet

BATTERYcharge 7PIN | 3PHASE | 16AMP 10M



Type 2 to Type 2

Charge at home and on the moveType 2 to Type27 PIN | 3PHASE

Connects to any 16A (3 phase) charging unit or station with a type 2 connection.

Charge anywhere any time

10m cable length

Ergonomic handles for optimal handling and a cable length of 10 meters

Drive with OSRAM into a more emission-free future

Discover the world of electric driving with OSRAM. Charge your fully electric or plug in hybrid type 2 vehicle from any 16A (3 phase) charging unit or station fitted with a type 2 connection point.

The 10m cable provides excellent connectivity at home or on the move.

The range of outstanding technical specification allows you to travel anywhere with the cable and charge with the heavy duty compact storage case.

Temperature rated at -40°C to 85°C gives you the flexibility to travel the hottest and coldest climates and top up your vehicle with confidence.
