

ELEMENT G4

Constant Current Compact – Non dimmable

Características del producto

- Tensión de suministro: 220...240 V
- Fixed output (no dimming)
- Frecuencia de línea: 50 Hz | 60 Hz
- Tensión de línea: 198...264 V
- Seguridad conforme a EN 61347-1, 61347-2-13, 62384
- Armónicos: de conformidad con EN 61000-3-2
- Inmunidad acorde EN 61547
- SELV

Beneficios del producto

- Versatile scope of application due to output power range of up to 42 W
- Safety ensured by OSRAM (SELV)
- High compatibility with COBs and discrete LEDs

Áreas de aplicación

- Spot light and down light
- Panels
- Other Indoor LED luminaries
- Apto para instalaciones de interiores SELV

Ecodesign regulation information:

Intended for use with LED modules.

The forward voltage of the LED light source shall be within the defined operating window of the control gear in all operating conditions including dimming if applicable.

Separate control gear and light sources must be disposed of at certified disposal companies in accordance with Directive 2012/19/EU (WEEE) in the EU and with Waste Electrical and Electronic Equipment (WEEE) Regulations 2013 in the UK. For this purpose, collection points for recycling centres and take-back systems (CRSO) are available from retailers or private disposal companies, which accept separate control gear and light sources free of charge. In this way, raw materials are conserved and materials are recycled.
